I am deeply grieved to learn about the sad demise of Shri Nanaji Deshmukh. Late Shri Deshmukhji had, a very pleasing personality and always believed in action. His multi-dimensional public life holds the true V picture of his character, conviction and commitment to the society. His association with Deendayal Research Institute had been quite significant as it led him towards evolving the models of holistic development which were part of his constructive efforts. ~

I had the pleasure of working and interacting with late Nanaji closely and he impressed me with his enthusiasm and devotion and above all service to humanity. By donating his mortal remains to All India Institute of Medical Sciences for purpose of medical research, he continues to live immortal. His life will always be a source of inspiration particularly young as well as future generations to believe in themselves and serve the society to the fullest. His sad demise was a great loss for me personally and also for those who have ever come across him and associated with his work.

At this hour of grief, I pay my homage to late Shri Nanaji and also convey my heartfelt condolences to the bereaved family members. May his soul rest in peace.
